Subject: Endorsement for NCLM Board of Directors

To: richardcturner1962@gmail.com <richardcturner1962@gmail.com>

Good Morning Mr. Mayor,

My apologies for just now sending this your way. I just saw the deadline when looking at my text message to find your email address. If I need to reach out to NCLM leadership to submit my recommendation directly, please let me know. I am certain they will accept it. I will send it through their lobbyist if need be. My recommendation is as follows:

Please accept this as my full endorsement for Mayor Richard Turner's candidacy for the NCLM Board of Directors. I have the benefit of knowing both Mayor Turner and the work of the NCLM. The League could not ask for a better fit for its Board. Mayor Turner is the mayor of my town, and prior to his election to that post, he served as one of our Belmont City Councilman. He is intelligent and dedicated. Not only is he thoughtful about helping the people of Belmont, he thinks and reasons on a large scale. The League is in need of leadership in the greater Charlotte region, and would do well to have someone from this region that shares the values of both the League and the majority of Senators and Representatives in the General Assembly. I hold Mayor Turner in the highest regard and commend him to you as a Board Member.

Sincerely,

Senator Brad Overcash
